EUROPEAN PROJECTS

ECOIA

The ECOIA Pilot project (Europe of Craftsmen Spouses) is coordinated by the Chamber of Crafts of Rhone and aims at recognizing the formal and informal experience of the Craftsmen spouses by training and information. This project ended in October 2007. The Partners are:

- Union Départementale des Entreprises de Coiffure
- The Chamber of Crafts of Köeln Germany <http://www.handwerkskammer-koeln.de>
- FAS Ireland <http://www.fas.ie/en>)
- The Chamber of Commerce and industry of Budapest in Hungaria <http://www.bkik.hu>
- Confartigianato of Torino Italy <http://www.confartigianatorino.it>
- Swiss Occidental Leonardo Swiss <http://www.s-o-l.ch:index.php>
- Norwegian Federation of Craftsmen enterprises Norway <http://www.hbl.no>

In this project's continuity, the Chamber of Crafts of Rhone wanted to transfer its experience and the results of initial ECOIA project to others partners and to benefit of our improvements proposals; this is the principal objective of ECOIA Transfer Project (Oct 2007- Oct 2009)

The partners are:

- ÖSB Consulting Austria
- Federacion de Mujeres Empresarias Negocios y Profesionales Spain
- The Chamber of Crafts of Leipzig Germany
- The Chamber of Crafts of Riga Latvia

ORIENTEDD

Deeply aware of the sustainable development, the Chamber of Crafts of Vaucluse (<http://www.cm-avignon.fr>) appealed the Chamber of Crafts of Rhone to work on the project assessment in order to propose a improvement process and to sustain the sustainable development training. The principal objective is to guide the small enterprises towards the sustainable development by the training.

In this project, the partners are :

- The Chamber of Crafts of Wiesbaden - Germany <http://www.hwk-wiesbaden.de>
- The Chamber of Commerce and industry of Budapest - Hungaria <http://www.bkik.hu>
- The Swedish Telepedagogic Knowledge Center - Sweden <http://www.pedagogic.com>
- Italy

ETP

The Rhone Chamber of Crafts is also involved in an elearning European project for young entrepreneurs of crafts enterprises. It aims at developing a European elearning portal with training courses.

The partners are :

- The Chamber of Commerce and industry of Budapest in Hungaria <http://www.bkik.hu>

Chambre de Métiers et de l'Artisanat

Rhône

- Craigavon Industrial and Development Organisation Irland <http://www.cido.co.uk>
- The Chamber of Crafts of Köeln Germany <http://www.handwerkskammer-koeln.de>
- The Swedish Telepedagogic Knowledge Center - Sweden <http://www.pedagogic.com>

SME MASTER

Through this project, the permanent assembly of Chamber of Crafts asked the Rhone Chamber of Crafts to work on this project about the professional qualification recognition in the European union. The objective is to promote and to test the system of accumulation (capitalisation) and transfer of credits designed for vocational education and training and particularly the bakers master.

The partners are :

- The German permanent crafts assembly - <http://www.zdh.de>
- The French permanent crafts assembly <http://www.artisanat.fr>
- The Research Institut on Training and Qualifications Austria <http://www.ibw.at>
- The Chamber of Crafts of Cottbus <http://www.hwk-cottbus.de> Germany
- Mesterbrevsmemnda, Norwegian Association of young entrepreneurs <http://www.ue.no>

DESIRE

The project began in October 2003 as the Rhone Chamber of Crafts wished to promote the necessary competence for creating enterprises by training.

This project has gathered:

- The Chamber of Crafts of Köeln Germany <http://www.handwerkskammer-koeln.de>
- The Chamber of Commerce and industry of Budapest - Hungaria <http://www.bkik.hu>
- FAS Ireland <http://www.fas.ie/en>
- Les Compagnons du Devoir – France <http://www.compagnons-du-devoir.com>
- La Chambre de Métiers du Grand Duché Luxembourg <http://www.cdm.lu>

Others projects are in progress with Confartigianato of Bergame <http://www.artigianibg.com> in order to exchange the experience of Italians and French craftsmen in the building sector.
