

EXCHANGE AND PLACEMENT Programmes Lifelong Learning Programmes 2007-2013

The Mecenat Network of International Cooperation was established in 2005 among partners from different countries, which work as local Promoters in the framework of European programmes, with the aim of improving the Mobility's quality in Europe.

In over 5 years of work experience in Lifelong Learning Programme, we have realized the importance of being a solid Partner able to meet the specific needs and requirements in the best way possible.

All member of Mecenat Network are able to offer you

Integral Management Services for the mobility projects with a wide range of services such as welcome of participants, accommodation management, language courses, professional training and monitoring.

Mecenat Network is therefore to secure the necessary support for developers in the management of European projects of different durations and with different objectives, ensuring quality experiences in all the areas of vocational and academic training.
