

CE.S.F.OR. (Centro Studi Formazione Orientamento) is a non-profit organization that works in the fields of Education, Training, Guidance, Counselling and Mobility for young people and adult citizens.

Ce.S.F.Or. activities are aimed to the total growth of the human person and his social inclusion. Moreover Ce.S.F.Or. works for the development and learning of the organizations through innovative methodologies, training activities, counselling and research.

MOBILITY: promoting mobility projects to improve the competences of young people, adults and professionals by own partners network. Cesfor is qualified for sending, hosting and intermediary services. Cesfor mobility projects are aimed to enhance the attractiveness of vocational education, training and mobility for employers, professionals and individuals and to facilitate the mobility of working trainees.

TRAINING: promoting training activities for unemployed, adults, youngsters and disadvantaged people aimed to the improvement of competences, knowledge, skills. Cesfor is also qualified to grant professional certificates to facilitate people's personal development. Our organization develops training courses for operators and professionals in the following fields: arts and culture, tourism and non profit.

VOCATIONAL GUIDANCE: finding broader personal and professional potential. This service involves individual and group innovative methodologies based on years of field experience and activities in many areas: from school drop-out to elder people inclusion in the labour market. The objective is to support people in the quest for their strength points, highlighting their potential and resources.

COUNSELLING: supporting people in their life's transitional periods. This service aims to further the social inclusion of youngsters, adults and elder people, when life calls for a change. Social inclusion means: the strengthening of competences to be active and conscious about their place and opportunities in the labour market, the enhancement of personal cross-competences to empower their own relational skills, the acquisition of a wider self-awareness.
