About us

[Trabzon](#), where known history goes back 4000 years ago, has been one of the rare cities that attracted the interest of whole world at all stages of the history. Their geographical importance's, its location at a transition point, hosting different civilizations is the leading factors making Trabzon an important city. Trabzon that is in the north-east of Turkey is one of big leading cities of the country with its historical monuments, social-cultural facilities, and places where green and blue integrated. Trabzon city has a population of 1.000.000 people.

Trabzon Provincial Directorate of National Education (TRAMEM) is responsible for the central administration of all aspects of education and has 54 vocational secondary schools with 150000 students and 1500 teachers. It is also in coherence with 17 district national education directorates affiliated to itself. TRAMEM Vocational Education Information Centre is one of the two vocational education information centers in Turkey. With the view of increasing the information quality, the centre aims to reach to those who are in need of information by adopting update technologies. MESBİL has a library holding electronic and paperback publications of international organizations such as; ETF, CEDEFOP, ILO, UNESCO. With the framework two different projects the first practice firms in Turkey were founded by students from two different vocational institutions reporting to our directorate. In both projects, our directorate contributed to dissemination as an associated partner.
