Please specify your activities: We are the complex of the secondary school (vocational and technical schools) which prepares students to work in such occupations: collective nourishment, protecting environment, foodstuff technology, hotel workers, confectionary workers, cook, butcher

### Planned project

Short description of the planned project: we are interested in finding the institution (schools, companies) in the foodstuff field which can allow us to know the food processing, using devices connected with the food processing. We would like to know the way of organizing the student training and/or the look of laboratories/ classrooms involved in teaching particular occupations. We would like to participate or observe the lessons of teaching occupations numerated in the description of our school. We are also interested in extending our knowledge of your country (culture, habits, characteristic dishes, national holidays)

### Description of partners

Tasks of the partner in the project: the will of cooperation, help in organizing the visit, getting visa, finding accommodation, help in finding the companies which we could visit in the field of foodstuff, exchanging experiences in teaching occupational skills. opportunity to participate in the school lessons, knowing the area, the local habits. national holidays
