Please specify your activities: BEP (Bureau for European Programmes) - is a regional Info Centre for European Programmes and is working in the field of European mobility projects (Lifelong Learning, LEONET), in the Innovation Relay Centres network and in consulting of enterprises & research institutions for projects of technology transfer and research. We are co-operating with partners both at national and European level.

BEP is active in this business field since 1990 and has gained large experiences in European Programmes and their co-ordination, and established a broad network with relevant institutions and partners all over Europe. As a regional service centre BEP provides free of charge information, counselling and co-ordination services for enterprises, researchers, companies, universities, polytechnical schools, students, graduates and young workers.

Approx. 150 placements per year (students, graduates as well as young workers) are finalized.

### Planned project

Short description of the planned project: BEP, with regard to its LdV project \"TirolerInnen auf der Walz\", will be facilitating and coordinating internship placements abroad for young qualified Austrians by serving as a consult and contact centre. BEP in particular will initiate and develop a contact network with companies, organisation, institutions, universities and other bodies interested in a cooperation in the field of practical traineeships.

### Description of partners

Tasks of the partner in the project: BEP's project partners would offer to the Austrian candidates the internship placements at their own facilities or in the partner enterprises from a various scope of business activities. The terms and conditions of each internship will be individually agreed between the interested parties.
