

GENERAL INFORMATION

2010

EUROYOUTH Portugal is a specialist training agency which works with a large number of other European training agencies. We work mainly with language and career training within the European Community. EUROYOUTH was founded in 2002.

With experience in the field of professional training, educational tours and language training, we offer programmes for participants (especially young participants, over 18) who want to learn Portuguese and work as interns in local companies.

Our aim is to internationalise education by creating a Pan-European Network of Training and Learning without frontiers.

We are consultants on all aspects of European Cooperation, initiatives and development projects, as well as labour market issues and new local vocational approaches (Lifelong learning programme, Youth in action etc.). We also carry out technical visit programmes in all sectors.

Our activities are focused on Education and Training; organising programmes to Portugal and many other countries: language courses, practical training in local companies in any professional sector, volunteering projects, etc.

Our Team:	Managing Director	Celina Santos
	European Projects Department Project Coordination Department	Sofia Antunes
	International Relations Department	Susana Militão
	Incoming Projects Department	Margarida Mesquita Marta Fernandes
	Language School Director & Accommodation Coordinator	Dulce Tavares
