Please specify your activities: To whom it may concern

My name is Cosimo Abatematteo and I represent a private organization that has teaching foreign languages as its main purpose. I am specialized in Teaching Italian for Foreigners and in general in our school we teach: English, German, French, Spanish, Russian, Polish and Arabic.

We would like to be part of the Leonardo Programme offering our professionalism to you in hosting people from your country that are keen on experiencing Italy from a formative, cultural and work related point of view. We would like to be part of the Transnational Mobility Concept that is at the base of the Leonardo Programme and we offer our services to students, workers and professionals of your country.

The school is situated in one of the most enchanting areas in the South of Italy: Martina Franca (here are some web sites where you can have a better idea of the place and its surroundings:

<http://www.martinafrancatour.it/default.htm> <http://www.festivaldellavalleditria.it/index.php> ).

As you can see browsing the web sites I suggested, we live in a valley called: Valle d\'Itria renowned for its remarkable heritage in history, architecture, music, churches, folklore and food. We live a short distance from the Adriatic and Ionian Seas and their amazing beaches which attract tourist all year round from all over the world.

### Planned project

Short description of the planned project: The Valle d\'Itria is economically developed in many fields and it is well know in these sectors:

- tourism/hotels/ restaurants
- clothing companies
- craftsmanship
- construction

It is in these fields, primarily, that I want to offer work experience to the people from your country who would like to come to Italy for this rich cultural experience.

It will be my responsibility to find companies willing to offer job training to your citizens (according to your requests) as well as teaching them Italian (as I am a qualified teacher),or English ( Our mother tongue teachers hold certificates and degrees) to find accommodation and organize extra curricular activities such as: sightseeing, cultural evenings, sports, social events where they can meet and speak to Italians.

### Description of partners
