Dear Sir / Madam,

I would like to inform you about the fact that we can offer excellent cooperation possibilities to for example vocational education centres in your country that wish to send students for a practical training in The Netherlands.

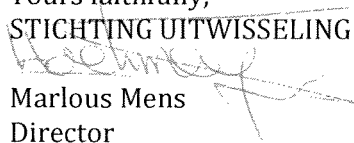

Stichting Uitwisseling has almost 60 years of experience in organising practical training placements at agricultural or horticultural companies in The Netherlands and has worked as receiving partner for groups since the start of the Leonardo mobility program.

We cooperate with 50 partners in 25 countries all over the world. One of these partners is Equipepeople Ireland. They write the following about us "Stichting Uitwisseling is one of the most professional and well run organisations that I have ever had the pleasure of working with. From the moment that an application reaches them through the placement process and including the very informative orientation seminars, every detail is taken care of to ensure that the applicant has a pleasant and educational work experience placement I recommend Stichting Uitwisseling very highly and I hope that we have the pleasure of working with them for many years to come."
Caroline Lane, Director, Equipepeople Ltd, Ireland.

As a standard we organise a placement address, housing, introductory meeting, follow-up, dictionary, a trainee handbook and 24 hrs a day assistance in case of an emergency. The remuneration for the trainees is that they will receive pocket money plus board and lodging. Depending on the wishes of the sending organisation we organise extra's, such as pick-up from the place of arriving in The Netherlands, language training, cultural program, mid term evaluation, farewell party and so on.

I request you to share this information with schools or organisations who are looking for a partner in The Netherlands. For this purpose I have enclosed some information brochures. It might be an idea to spread them around at contact seminars you may organise. Should you require more brochures, just let me know!

Thank you for your trouble.

Yours faithfully,
STICHTING UITWISSELING
